The Product Messaging Guide

This is the single source of marketing truth for the storage products that are considered “Growth Targets” by the business.

The screenshot shows a web-based document editor displaying the 'IBM Spectrum Discover Product Messaging Guide'. The interface includes a top menu bar with options like File, Edit, View, Insert, Format, Tools, Add-ons, and Help. A sidebar on the left contains a table of contents with sections such as 'Product Messaging Guide', 'Product/Solution Details', 'Document Details', 'Contacts', 'Market Overview', 'Why does this Product/Solution...', 'Positioning Statement', 'Core Value Statement', 'Elevator Pitch (Primary)', 'Elevator Pitch (Secondary)', 'Elevator Pitch (Tertiary)', 'Narrative', 'Press Release Draft', 'Tagline Option #1', 'Tagline Option #2', 'Count-Limited Copy Blocks', 'Key Customer Benefits', 'Top "Why to Buy" IBM Spectr...', 'Key Product Features', and 'What Verticals are we Targeti...'. The main content area features the IBM logo at the top right, followed by the title 'IBM Spectrum Discover Product Messaging Guide'. Below the title is a table with four rows: 'Audience', 'Intent', 'Stage in process', and 'Objective', each with a corresponding description. Further down, there are sections for 'Product/Solution Details' and 'Document Details', each containing several fields with labels and values. At the bottom of the page, there is a footer with the text 'IBM Spectrum Discover Product Messaging Guide' and 'Last Modified: 2/5/20 2:35:00 PM', along with a page number 'Page: 1 of 36'.

IBM Spectrum Discover Product Messaging Guide

Audience:	Corporate Marketing, Integrated Marketing, Field Marketing, Partner Marketing, Sales Enablement, etc.
Intent:	This document is the platform for any form of internal or external communications for the given product or solution that it represents. The sections are meant to be extracted and inserted into other forms of collateral or assets used to support the sales process, buyers' journey, campaigns, etc.
Stage in process:	This is the second document to be completed and establishes the core and standardized messaging used in all other assets and out-bound communications activities.
Objective:	Standardize the message for the Product or Solution with the goal that regardless of where and how it is being discussed, the content is consistent geographically.
